

# LINK PROJECTION SYSTEM-II (LPS-II)

## Operation—Simple as 1-2-3!

Simply pushing a button, you can send your instructor's screen to all trainee monitors in full motion, real-time video. Also, eliminate trainees from forging ahead or ignoring your presentation by instantly blanking their monitors, giving you their undivided attention.

The LPS-II utilizes multimedia capabilities by sending DVD, VCR, TV, and CD-ROM images from the instructor PC to all trainee monitors for picture perfect viewing.

No delays, no loss of resolution, no software installed on any PC. Immediate, "out-of-the-box" installation and functionality.

*"The LINK System has helped improve the learning process for the people that use it. How do you put a price tag on learning?"*

*Larry Cepak  
Ohio Dominican College*

## User-friendly Instructor Console

### Transmit to All

Sends any image on the instructor's PC or laptop to all trainee screens in real-time video.

### Blank

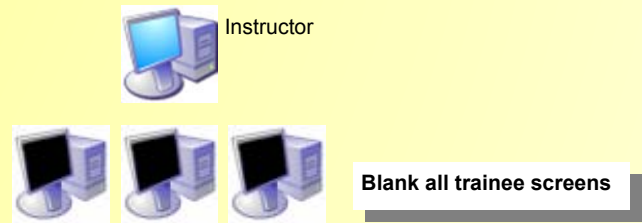

Projects a 'Black' screen to all monitors to stop trainees' input and gain their full attention.

### Aux-In

Allows a second PC or laptop to be added to the instructor's LPS-II console and projected to the trainees.

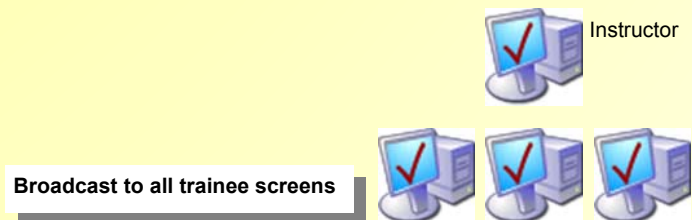

### Clear

Returns all trainee screens to their local screens.

*"The LINK System keeps the students' attention focused inside the classroom instead of on the Internet, and provides many more benefits."*

*Gerald Cruz,  
Miami University*

*"Now with the LINK System the students can see the image right in front of their eyes. It is great!!!"*

*Bruce DeRuntz  
Southern Illinois University*

## Installation—Plug & Play

The LPS-II is truly plug and play. It is so easy to connect that anyone can install it and become fully competent with just a few minutes of self-training.

- No software loaded on computers or network
- No cards to install inside computer
- Compatible with CAD applications and high-resolution images
- Simple as 1-2-3 to operate, no training required
- Flexible DB-9/CAT5 video cable
- Free lifetime technical support, 800-237-5465

## System Specifications

**Instructor Console:**  
**Dimensions:**  
 H (1.2"), W (2.2"), D (3.7")  
**Weight:** 4 oz.  
**Color:** Beige

**Instructor Control Unit:**  
**Dimensions:**  
 H (1"), W (5.2"), D (4.7")  
**Weight:** 1 lb. **Color:** Beige  
**Power:** 1 watt

**Trainee Control Unit:**  
**Dimensions:**  
 H (1"), W (3.75"), D (3.75")  
**Weight:** 8 oz. **Color:** Beige  
**Power:** 1 watt

## System Options

Software Options	Hardware Options	Service Options
<b>LINK Stylus</b> —Presentation tool clarify, highlight and illuminate your presentation	<b>One-Way Audio</b> —Broadcast digital stereo from instructor to all students	<b>ACS Installation/Training</b> Ensures peace of mind when time is of the essence
<b>SATT</b> —Student attendance, comprehensive testing, instant surveys & tracking program	<b>Upgradeable</b> — To the top-of-the-line Mobile LINK System	<b>Extended Maintenance</b> — Guarantees years of valuable service

## Customer Satisfaction Guaranteed

Reliability	Compatibility	Simplicity
<ul style="list-style-type: none"> <li>Hardware based system</li> <li>Years of service through generations of PCs</li> <li>Built by ACS, made in U.S.A</li> </ul>	<ul style="list-style-type: none"> <li>Any network, operating system or software program</li> <li>Supports resolutions of 2000 x2000</li> <li>PC, MAC, Sun</li> </ul>	<ul style="list-style-type: none"> <li>Learning curve of 5 minutes or less</li> <li>Simply select 1 of 4 buttons</li> <li>Requires no technical training</li> </ul>

*“ In the two and a half years of operating three classrooms with the LPS, we’ve never experienced any problems or failures. I would never setup another computer-equipped classroom without a LINK System.”*

*Tom Zollars, Manager  
 Southwest Airlines*

*“I like the LPS because of its simplicity and functionality. It fit my budget perfectly.”*

*Steve Dunn  
 JEGS*

## Warranty

The LPS-II comes standard with a one (1) year warranty on all parts and labor repaired at ACS facilities. Toll-free technical support is provided at no additional cost for as long as you own the system.

*“Technical support has been very helpful. You guys have done right by me.”*

*John Eilerman,  
 NCC Institute*

*Applied Computer Systems, Inc.*

*3060 Johnstown-Utica Rd., Johnstown, OH 43031*
